

# Statewide Patient Record Look-Up (sPRL)

**DOCUMENTS:**  
Clicking on the Documents Tab brings you to a page that contains all the Continuity of Care (CCD) documents for each RHIO that has data. Data will vary depending on the originating RHIO.

**DATA SOURCES:**  
When the patient search is complete you will arrive at the Patient Summary Screen. All the data from the RHIOs are noted by source.

| DATE       | DESCRIPTION | ALLERGY TYPE     | SOURCE (TYPE)             |
|------------|-------------|------------------|---------------------------|
| 04/23/2015 | Dust        | Environmental    | MMC (Hospital)            |
| 04/23/2015 | Avocado     | Food             | MMC (Hospital)            |
| 04/23/2015 | NK Latex    | NK Latex Allergy | MMC (Hospital)            |
| 04/23/2015 | NK Med      | NK Med Allergy   | MMC (Hospital)            |
| 03/25/2015 | Aspirin     | Drug allergy     | HEALTHeLINK (HEALTHeLINK) |
| 01/01/2002 | Chocolate   | Food             | DOSHI (DOSHI)             |

| EFFECTIVE DATE | DESCRIPTION                      | DOSAGE | SOURCE (TYPE)             |
|----------------|----------------------------------|--------|---------------------------|

| 03/25/2015     | Warfarin Sodium 5 MG Oral Tablet |        | HEALTHeLINK (HEALTHeLINK) |
| 03/25/2015     | Warfarin Sodium 5 MG Oral Tablet |        | HEALTHeLINK (HEALTHeLINK) |

| DATE       | DESCRIPTION          | CODE        | SOURCE (TYPE)  |
|------------|----------------------|-------------|----------------|
| 09/20/2014 | LOWER LEG INJURY NOS | 959.7 (MMC) | MMC (Hospital) |
| 01/22/2013 | LOWER LEG INJURY NOS | 959.7 (MMC) | MMC (Hospital) |

*Healthix offers a complete range of technical and implementation services to facilitate clinical information exchange*

## Healthix Portal

Now when you query a patient in the Healthix Portal you will receive patient data from all RHIOs in the Statewide Health Information Network of New York (SHIN-NY). The sPRL search allows providers to view a comprehensive picture of a patient's care across regions and over time. With increased patient mobility and expanded healthcare delivery options, Healthix provides access to the bigger picture 24/7.

### *RHIOs Contributing Data:*

- **Bronx RHIO** with 2.2 million patients in the Bronx
- **HealthConnections** with 1.6 million patients in Syracuse and to the North
- **Healthix** with 12.0 million patients in New York City and Long Island
- **HEALTHeLINK** with 2.4 million patients in Buffalo and Lake Erie area
- **HealthlinkNY** with 1.1 million patients in Westchester, Hudson Valley, and the Southern Tier
- **Hixny** with 3.1 million patients in Albany area and to the North
- **NY Care Information Gateway:** NYC Health & Hospital Corporation with 1.8 million patients and Eastern Long Island with 1.0 million patients
- **Rochester Rhio** with 2.9 million patients in Greater Rochester

**Where efficiency, communication and better patient care come together.**
